

Roam XL

Grazie a questo telecomando a lungo raggio, potrai controllare da remoto progetti di qualsiasi dimensione, in modo professionale e senza licenze.

VANTAGGI PRINCIPALI

- Compatibility with Hunter X-Core™, X2™, Pro-C™, HPC, ICC2, HCC, I-Core™, ACC, and ACC2 controllers provides remote operation for a wide variety of landscapes
- Manually start individual stations or programs for quick maintenance checks and troubleshooting
- 128 programmable addresses available prevents cross-communication between multiple remotes within close proximity of each other
- Programmable run times from 1 to 90 minutes, which will not overwrite regular automatic programming
- Manual operation up to 240 stations provides flexibility for larger projects
- Rugged and water-resistant transmitter includes a large LCD display with simple push-button operation and a battery-life indicator

Caratteristiche di funzionamento

- Portata: 3 km (visibilità diretta) dal trasmettitore al ricevitore
